

### **When It Comes To TPSD, Enis Is A Lifer**

**TUPELO, Miss.** — Mark Enis is a Tupelo Public School District veteran, with 23 years of service, including the last three as the principal of Tupelo Middle School.

A Tupelo native himself, he earned three degrees from William Carey University, including his master's.

Yet the love of family and the All-American City brought him home to become a teacher and coach at Tupelo High School, where he won state titles both in golf and soccer before transitioning to administration.

A keen golfer and fisherman, he also enjoys spending time woodworking and having fun with his wife, Nicole, and their two sons — Max and Miles.

A dream vacation of his would be spent lounging on the beach at Watersound, Fla., and cruising along 30A to find the best steak for dinner.

Each year gets better and better, as he continues to love witnessing the relationships within school and improving the lives of the students.

This week's TPSD Administrative Focus and winner of a Buffalo Wild Wings gift card is Mark Enis of Tupelo Middle School.
